- CLEAN assisted cleaning cycle
- Stainless steel interior

Features

The Professional product line, dedicated to the built-in, offers to the most demanding customers the possibility of placing products in columns, combining, for example, the products of the same line; such as, the 30" oven, steam oven, microwave and warming drawer, allowing thus obtaining extraordinary aesthetic and cooking results. The steam oven has 12 cooking functions, among which we mention, for example, the combined cooking capacity, combined cooking modes and AirFry cooking. The digital control allows the use of predefined cooking modes as well as the ability to create new recipes. The standard accessories include a meat probe, a perforated tray with lid, a stainless steel support for perforated tray, a stainless steel tray, a flat grill rack and a water tank.
