

Carbon Filter Kit

FCHF 2

- Stainless Steel Finish
- Hood accessory
- Oven Regenerable Kit
- Easy Installation

FEATURES

The FCHD 900 RC X and FCHD 1200 RC X carbon filter kit for hoods is designed to provide excellent air purification in home kitchens. The advanced activated carbon technology in the filters effectively absorbs unpleasant odors, fumes and grease, ensuring a fresh, clean kitchen environment. With their ease of installation, this kit allows users to keep their hoods clean and efficient in filtering air, thus improving the quality of the kitchen environment.
