Features

FULGOR MILANO's wine cellars are ideal for storing wine. You can set the storage temperature based on the type of wine, with a thermal condition that ranges between 5 °C and 20 °C. Temperature is adjusted using the user-friendly Touch Control system. Moreover, the cellar is equipped with antivibration and anticondensation systems and a UV-insulating glass pane. Internal LED lighting. The cellar's door is fitted with a SOFT CLOSING system that slows the closing movement. This appliance comes with the following accessories: 3 beech wood sliding champagne shelves (4 bottles).
